MSS CAROL PENCE TRANSITIONS TO EMPLOYMENT SERVICES CONSULTANT TO BETTER SERVE SECTION PROFESSIONALS

October 6, 2009

By Staff Writer

Dear Northern California PGA Professional,

It is my pleasure to introduce Carol Pence, PGA as your new Employment Services Consultant. This has been a year of challenge for all of us and your Association believes that three additional Consultants in the field will allow us to be more responsive to the needs of our PGA professionals and more interactive with employers. This is possible as each Consultant will now work with a smaller territory. As a result of this restructure 16 Sections will experience a change in their Employment Consultant.

These Consultants are in the field positioning PGA Professionals as leaders in the golf market. They are there to provide new opportunities and to ensure that you are prepared when this new opportunity comes along. They are there to assist you with your existing position. For all your employment needs please contact Carol Pence at (510) 706-1583.

Kathy Wilkes
Director Employment Services
